Dear Mr. Hobbie:

I am presently evaluating evidence relating to contamination of the Walton's Farm Site in Delran Township, Burlington County, New Jersey. I am writing to see if you would be willing to speak with me about PPG's disposal of waste at Walton's Farm.

Your son mentioned that you would be travelling until September 11 or so, but if you would contact me at your earliest convenience after your return, we can schedule a meeting in the near future. I can be reached at (212) 264-8925 or (212) 264-2858. I understand from Jim Rooney of this office that your conversation with him in regard to the Pulverizing Services Site was very valuable.

Thank you for your anticipated cooperation in this matter. I look forward to meeting you.

Sincerely yours,

Patricia C. Hick
Assistant Regional Counsel
